The fishermen of Kodi village, Udipi Taluk, have petitioned for the opening of a fisheries school in their village. There was an aided school which was started in 1909. Since the demise of the founder of the School the management of the School became deteriorated and the School ceased to function from the beginning of 1945. There are about 7 or 8 schools with in a radius of about 4 to 3½ mile from this place but to reach them, the pupils have to cross the river. There are about 240 houses in this locality consisting of Mogaveera, Karvi and Billavas and Mohammadans. There are about 200 pupils of school going age. The District Educational Officer, South Kanara, has no objection for the opening of a school at this place from June 1946. The Assistant Director of Fisheries has recommended the opening of a school here with 3 teachers to begin with. The expenditure involved in the proposal will be as follows.

Cno 61035 Fi/45 Ref:- From the Dir. of Industries and Commerce Ref.no 8434-Fi/45 dt 1.10.45.

An aided school was working at Bengera since 1909. But it ceased to function from the beginning of 1945 owing to the demise of its founder. Though there are ~~about~~ 11 or 8 schools with in a radius of about 4 to 4¾ miles from this place, they are not easily accessible to children as a river has to be crossed. There are about 200 children of school going age. For these reasons the Asst. Dir. of Fisheries has recommended the opening of a fisheries school at Bengera with 3 teachers to begin with. The D.E.O. S. Kanara has no objection to this proposal. The D.I & C requests that this proposal may be considered as a part I scheme for 1946-47. The expenditure involved (Jan 1946-47) is estimated at Rs 2700/-. For orders whether the proposal may be accepted. If so, in view of the recent instructions issued by Finance, the proposal may perhaps be given effect to in the current year as it involves the employment of 3 teachers. "This Dept may agree to the proposal to open a fisheries school at Bangâra being brought forward as a Part II scheme for 1946-7. As there are about 200 pupils of school going age the provision made for 3 teachers is justifiable as ordinarily 1 teacher is employed for every 35 pupils of average attendance. The extra cost of the proposal is Rs 3000 for recurring, and Rs 500 non-recurring — see statement at p. 2 CF. Dept may be requested to prepare the necessary Part II scheme note
